Axis Fit & Nutrition is a 10,000 square foot full service gym that offers personal training and specialty classes. We want to help people improve their lives through community, exercise and nutrition. We believe every person and every company should achieve their goals and with the right tools and support they can feel better, get stronger, get leaner and finally see results.

An array of group exercise is available, including bootcamp, yoga and savage training. We also provide a massage therapist in our fitness facility. Axis Fit holds monthly educational seminars that are provided to Axis Members. Axis Fit also offers grab and go meals, an array of supplements, pre-workout beverages and a state of the art smoothie bar available for pre or post workout needs.

Research shows that an effective corporate wellness program can help reduce sick days, boost productivity and recruit great talent. Make us your corporate wellness partner and inspire employees to hit benchmarks outside of the office by showing them you care.

We offer a variety of corporate wellness programs, including custom packages that are easy to tailor and meet your company's culture, budget and goals.
